The conference will start with leadership development activities designed to help each student become an active member of SkillsUSA. Challenging activities that are both educational and enjoyable have been designed for participants to explore all the opportunities available through SkillsUSA. The conference will begin with an opening session which will set the direction for the conference. It is our goal that by participating in these activities each participant will leave the conference with the skills needed to have a successful year and actively participate in SkillsUSA's programs.

All participants must bring at least 1 non-perishable food item for an activity.

Students that have at least one full year remaining in their career & technical training program and are interested in running for state office for the 2023-2024 school year are invited to assist at the Fall Leadership Conference. This opportunity will give the state officer assistants a chance to see what is involved in being a state officer. If you have an interested student, please register them as a state officer assistant and more information will be sent to you.

State officer assistants:
